EDUCATION

Royal Institute of Art (Kungl. Konsthögskolan) and Stockholm University of the Arts (Stockholms konstnärliga högskola) between 1995-2001.

Charlotta began to train as an artist at Royal Institute of Arts.

The education was developed under the leadership of Vice-Chancellor Marie-Louise Ekman to also include acting in collaboration with the Royal Dramatic Theater, where Charlotta did her student internship, as well as with the Stockholm University of the Arts.

Charlotta did her final production at Stockholm House of Culture & City Theatre (Kulturhuset Stadsteatern). The monologue Lotta was directed by Lena Nilsson.

SAID ABOUT CHARLOTTA

"During several film productions, I have had the privilege of working with the actress Charlotta Åkerblom.

Her unique abilities are many, but intuition, playfulness and lucidity are the most prominent for me."

Niklas Holmgren, director and artist

"Charlotta is a comic genius with great resources – a starlight – both on stage and screen."

Lena Nilsson, director and actor
